## COMMODORE SHOW A POWERFUL PERFORMANCE!

Nov 26<sup>th</sup>, 2006 - Opening for Ozomatli at the Commodore was a milestone for Santa Lucia LFR. Determined to dance to great music despite the big snowstorm, the enthusiastic audience slipped and skidded their way to Granville Street to pack the ballroom for the powerful show. There were people of all ages there, from teenagers to grandmothers sweating to the beats of Latin funk, and all had a great time. I'm starting to have a feeling that Santa Lucia-LFR is a band that will be opening quite a few high profile shows for touring bands in the near future. In a year or two it may be that the only way to see them will be when they're on tour themselves, because this is a band that is slipping into view after a time of being under everyone's radar. Many club goers discovered them at the Commodore, coming up close to the stage at the close of the set.

Another audience probably discovered them on December 2, when they were featured on television on the Multicultural Channel's Spotlight series. If you don't catch them while they're still playing at local pubs for a small cover charge, you may miss your opportunity to see an exciting band up close and personal.

Their next show will be Dec 31st at Malone's New Year's celebration.  
Tickets are \$15, or \$20 at the door.
